25X1

1. The western part of the port of Puck (Q 55/Y 36) is occupied by the navy. This area has large naval docks for repairs. These docks carry out repairs on small and medium sized Polish and Soviet craft and also make spare parts and metal castings for other ships. It has a slipway large enough for the construction of cutters up to 200 BRT.
2. Prior to being taken over by the navy, these docks were known as the Metal Products Factory No. 2 (Fabryka Wyrobow Metalowych i Odlewow Nu. 2).
